The activities Members of Patriot Outdoors engage in are safe, exciting and challenging! However, the inappropriate conduct by a member or guest can put everyone participating in danger of injury or death. The safety rules on the attached page are critical to the safe enjoyment of all Patriot Outdoors has to offer its members and guests.

Violation of safety rules will NOT BE TOLERATED and will result in the violating member's/guest's immediate removal from the facility. A review of the violation(s) will be made by Patriot Outdoors Staff and a final decision on the membership status of the violator will be made. The member will either be allowed to return to the facility after remediation regarding safety issues or the membership will be terminated. There will be no refund of membership dues if a membership is cancelled due to a safety violation. By signing below,
